

Standardized Tests, Report Cards and Parent/Teacher Conferences!

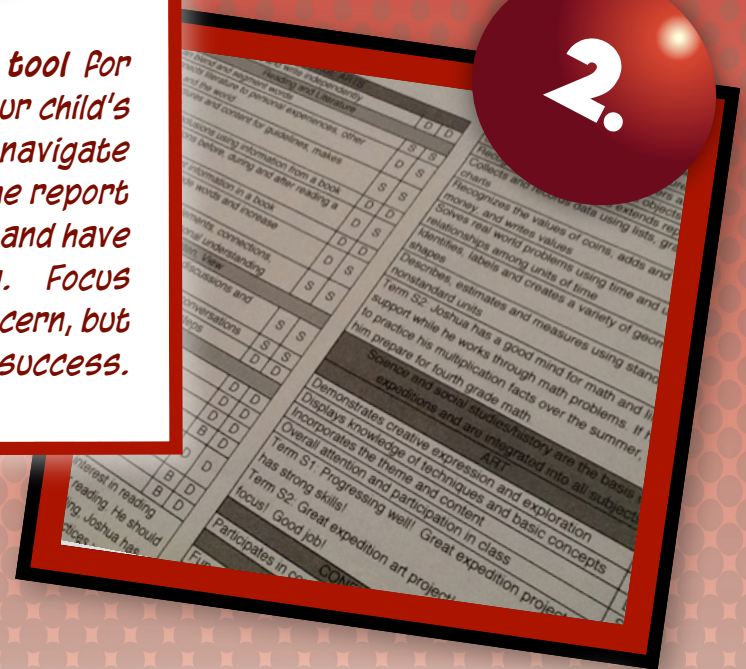

1.

Your 3rd-8th grade child recently took the OLPA standardized test. Visit // mn.pearsonperspective.com/perspective/ for helpful suggestions and Follow-up activities. Click on "Enter Family Site" (a library of student resources) then "Parent Resources" at the top. The Parent Toolkit has academic, health & wellness, and social & emotional developmental information.

Report Cards are a tool for communication. Ask your child's teacher to help you navigate through them. Bring the report card to conferences and have your questions ready. Focus not only on areas of concern, but ask for examples of success.

2.

Conferences may be the most important platform for communication that you have. It is your opportunity to talk with your child and their teacher about their progress in school. Come prepared with questions and/or concerns. Offer suggestions and be involved.
